Meet Kennedy Middle School

Grades: 6-8

Kennedy Middle School is committed to empowering our students with the foundation of knowledge and skills they need to reach their fullest potential in a positive learning environment. Kennedy's extracurricular activities, Spanish and Mandarin language programs, and academic and social supports ensure that Kennedy students succeed in every aspect of their lives.

Future coders, mathematicians, journalists, environmentalists, or avid readers can find an extracurricular activity to suit any of their interests. Optional trips to the Grand Canyon, learning about law and participating in a mock trial, leadership on the Student Council, socializing at dances, and participation in after school sports and our performing arts program are also available to students. Kennedy also provides Spanish Immersion and Mandarin Immersion Programs so that students from Adelante and John Gill Schools can continue their language immersion experience in their social studies classes.

We support students and families with a number of resources, including our after-school program, Think Together, Mondays through Fridays until 6 p.m. The Kennedy Family Center provides fresh fruits and vegetables through the Second Harvest Food Bank, counseling, financial resources, school supplies, and more.

Kennedy Middle School flourishes because of its close-knit partnership of students, staff, parents and community. For these reasons and more, we invite you to **meet, choose and love Kennedy Middle School.**

Programmatic Focus:

An array of programs to support middle school students' social, emotional, physical and academic needs

Our programs, such as AVID (Advancement Via Individual Determination), Cornell Notes, or WIN (What I Need) are aimed at supporting students in a traditional middle school setting by supporting their learning needs in a way that focuses on self-monitoring and mindfulness. Upon completing the Kennedy program, our graduates will be well-prepared for any high school and college preparation program.

"I like coming to school to see my friends everyday, and be in the school play which is a lot of fun. The teachers here are really good and make it a fun learning environment."

Savanna Newton, 8th grader at Kennedy Middle School

Kennedy School is a part of the Redwood City School District
