Roy Cloud School

Roy Cloud School is an excellent neighborhood school that provides a dynamic education with an emphasis on Investigative Learning and Technology.

Meet Roy Cloud School

Grades: K-8

On a state of the art campus with modernized buildings, updated play structures, and attractive landscaping, Roy Cloud School offers an enriching, hands-on, and excellent education to each of its kindergarten through eighth grade students. Middle school students discover, innovate and engage in science experiments in the school's renovated science lab, while kindergarten through fifth grade students learn about biology, healthy eating, and math in real-life applications through our Learning Garden filled with vegetables, herbs and flowers.

Additionally, students have a variety of opportunities to participate in extra curricular activities beyond the school day, including drama, art, and coding.

Roy Cloud Elementary School flourishes because of its close-knit partnership of students, staff, parents and community. Students are empowered with the foundation of knowledge and skills they need to reach their fullest potential in a positive learning environment.

For these reasons and more, we invite you to **meet, choose and love Roy Cloud Elementary School.**

Programmatic Focus:

State of the Art Education with Investigative Learning and Technology

Roy Cloud students thrive in an enriching educational environment that provides them inquiry learning and active learner involvement, which can allow students actively make observations, collect, analyze, and synthesize information, and draw conclusions while developing useful problem-solving skills. You will be confident that your child will learn and practice real-world problem-solving and critical thinking skills that they can use throughout their lives.

"My school is awesome because we have lots of fun activities and we get to do a lot of projects."

Tessa Niu, 3rd grader at Roy Cloud

Roy Cloud School is a part of the
Redwood City School District
