# Selby Lane School

Selby Lane School students will grow academically as they develop as caring, healthy, and productive individuals.

# Meet Selby Lane School

Grades: TK-8

Selby Lane School is dedicated to preparing all of our students for success in high school and beyond. Students thrive academically while learning core academic subjects, and engaging in our early academic language program and our Spanish Two Way Immersion language strand. Selby Lane students utilize the latest technology as a learning tool in all academic subjects. We educate the whole child, so that each student has the opportunity to have his or her distinct interests, skills and talents developed, recognized and celebrated.

In addition to educating your child in core academic subjects, Selby Lane also offers a wide variety of extracurricular and enrichment opportunities to help students develop their talents: Art in Action, Music for Minors, Piano Class, Guitar Class, Rock Band, Baile Folclórico, Talent Show, and Physical Education. In addition, the after school programs available provide an educational and enriching environment for many of our students until 6 pm.

Our proven and popular school wide character and behavior education program provides a positive learning environment where every student can achieve his or her potential and a safe campus.

Selby Lane School thrives because of its caring and experienced team of teachers and staff that support the students and help them grow during their time at Selby Lane, and developing their talents as a whole child. For these reasons and more, we invite you to **meet, choose and love Selby Lane School!**

## Programmatic Focus:

Language Enrichment Opportunities, Two Way Immersion Spanish Language Strand, and Academically Rigorous Middle School

Selby Lane's TK-3 grade students learn academically rich language in providing well planned and enriching integrated units for our students in every class. Through our Spanish Immersion strand for K-2 students, we bring together both Spanish and English speaking students and families for the opportunity of a promising future of being bilingual, bicultural, and academically enriched, as they think, discuss, explain, analyze, and problem solve in two languages! Our proven and dynamic Middle School program is safe, academically rigorous, and enriching so that students are prepared to be successful in high school.

*"One of my favorite things is that everyone works like a family and we are like a big team."*

Andy Villeda, 2nd grader at Selby Lane School

Selby Lane School is a part of the  
Redwood City School District
